

Classic apex special with standard style glazing

Trentan Classic Log Cabin

Trentan log cabins have been described as stunning, natural and versatile and who are we to argue? Every single cabin which leaves our UK factory has been individually designed and manufactured to meet the needs of the customer whilst adding a unique style to their garden.

With a host of quality features, a Trentan log cabin will provide that perfect haven and allow you a place to escape from the rigours of modern living. Relax in natural surroundings, bring the outdoors indoors and enjoy the beauty of a unique log cabin built especially for you.

Every Trentan log cabin is fitted with the highest quality handles, hinges and fasteners and, whether you choose the apex or pent roof style, there is no need to worry about heat loss as double glazing is fitted as standard. A fully bespoke building at an 'off the peg' price.

Classic apex with standard style glazing

Classic apex with optional Panoramic glazing

Classic apex with optional Cottage glazing

Specifications

WALLS

44mm Redwood, Thermowood, Douglas Fir or Cedar interlocking logs with dual T&G construction for optimum strength.

FLOOR

18mm T&G boards on 65mm x 40mm tanalised joists.

APEX ROOF

18mm T&G boards clad with 38kg green mineral felt and supported by 140mm x 44mm roof purlins.

A 600mm roof canopy is included to the front with a 200mm overhang to the sides and rear. There is a generous eaves height of 2.25m and the roof rises at a pitch of 20 degrees to produce a ridge height of:

- 3.2m gable - 2.80m
- 3.8m gable - 2.89m
- 4.2m gable - 2.95m
- 4.8m gable - 3.04m
- 5.2m gable - 3.10m

PENT ROOF

18mm T&G boards clad with 38kg green mineral felt and supported by 125mm x 44mm roof purlins.

A 300mm roof canopy is included to the front and a 200mm overhang to the sides and rear. The height at the rear is 2.25m rising to 2.5m at the front.

DOORS

Double doors 1860mm high x 1300mm wide hung in frame using silver butt hinges and secured with a silver handle and mortice lock.

WINDOWS

Two Classic 1010mm high x 1220mm wide window sets - each featuring two side hung openers on silver friction hinges and silver fasteners - are included in the price and can be positioned to suit. If your location or taste dictates, there is a no cost option for Contemporary, Panoramic or Cottage glazing styles.

ENVIRONMENTAL

14mm double glazed units and draft excluders are used throughout to minimise heat loss, whilst guttering and downpipes are included so that you can harvest that valuable rainwater.

- **Five Year Warranty**
- **Choice of four glazing styles**
- **Choice of Apex or Pent roof styles**
- **Doors and windows positioned to suit**
- **Optional insulation packages available**
- **Any intermediate size made**

Unless specified as finished size then timber sizes quoted are before machining. Deduct 290mm from the external sizes to give the internal measurement of your cabin.
