

2.4m x 3.6m (8' x 12') Stamford with optional felt tiles

Platinum Summerhouses

Offering a wonderful escape during the hot summer months, a well kept garden can really add to your quality of life; where better to relax or entertain than from the comfort of a charming Platinum summerhouse?

From classical elegance to contemporary chic, our delightful range of summerhouses offer something for every location and budget. Scenic, picturesque and adaptable, they can be used across the seasons and, available in an extensive range of timber finish and glazing styles, you can be sure that your Trentan summerhouse will be as individual and unique as you are.

Whether it is used for additional storage during the colder months, or as an outdoor reception area for all your garden parties, we will build a bespoke summerhouse that ticks all the right boxes. Great in the summer - and just as wonderful in the winter - a Platinum summerhouse will make a graceful addition to any garden and will help turn your property into a desirable purchase for potential buyers.

1.8m x 2.4m (6' x 8') Stamford with optional Onduvilla tiles

2.4m x 3.6m (8' x 12') Ketton with optional fanlights

1.8m x 2.4m (6' x 8') Exton

2.4m x 2.4m (8' x 8') Buckingham

Specifications

WALLS

Sturdy 47mm x 38mm (44mm x 34mm finished) pressure treated framing - upgraded to our heavy duty 75mm x 38mm (70mm x 34mm finished) pressure treated framing when the wall which contains the main doors exceeds 8' in width - which is diagonally braced and screwed together before being clad with your choice of:

- 19mm (15mm finished) pressure treated T&G Shiplap
- 22mm (20mm finished) pressure treated T&G Loglap

FLOOR

19mm (15mm finished) pressure treated T&G on 47mm x 47mm pressure treated joists.

ROOF

A heavy duty green mineral polyester-based roofing felt atop 16mm (12mm finished) T&G matchboarding with roof purlins supported as necessary on sturdy roof trusses and beams. The roof incorporates a unique soffit venting system which ensures good airflow within the roofspace.

If desired we can fit decorative felt tiles or the unique Onduvilla roof tile system, either of which would add charm to the building whilst ensuring a longer life.

HEIGHTS

All buildings feature a generous eaves height with extra height being available if required:

- Ketton - 1.92m (6' 4") as standard
- Stamford - A choice of 1.82m (6') or 1.92m (6' 4")
- Exton - A choice of 1.82m (6') or 1.92m (6' 4")
- Buckingham - 1.82m (6') as standard

All external roof heights (up to 3.6m span) comply with the 2.5m maximum height restriction imposed when erecting a building under Permitted Development.

DOORS

All doors are constructed using hemlock for the greatest stability and durability, hung on butt hinges and feature full length glazed panels. Buildings up to 8' on the elevation containing the doors feature a a 0.9m (3') wide pair of double doors (0.45m per leaf) whilst wider models - as well as 7' and 8' Buckingham corner summerhouses - feature a wider 1.2m (4') opening granting easier access and a greater amount of light to flood inside. There is a choice of chrome, brass or black door furniture.

WINDOWS

All models feature full length glazed panels which have default positions within the relevant building but which can be moved at no extra cost. A top-hung opening fanlight can be added to any of these panels for a small additional cost to increase internal air circulation if desired.

ALL YEAR ROUND USE

If you are planning on using the building year round then we can fit double glazed units or even fully insulate your new summerhouse at the point of installation.

- Pressure treated Redwood floor, cladding and framing for long life
- Doors and windows configured to suit
- Optional lining and insulation
- Free on-site installation
- Choice of Apex or Pent roof styles

All specifications are subject to change.

All sizes are nominal. E&OE.
